

JANUARY 1978

CORINTHIAN YACHT CLUB

VOL. IV NO. 1

~~~~~HAPPY NEW YEAR~~~~~

COMMODORE'S REPORT

Entering the New Year we have a calendar chock-full of great events. I attended a meeting a few weeks ago with Harry representing the Club Office, Bill Patry covering the Bar and Galley, Marilyn Patry speaking for the Women's Auxiliary, Jerry Steinman exuberantly explaining the special events for entertainment, Steve Newland sailing "high" - explaining the year's racing schedule and Dave Fenix, our Port Captain, worrying about the club's capacity to handle the throngs expected to attend all the affairs. The enthusiasm was fantastic with all dates being set well in advance to allow adequate time for advertising and preparation. One of the problems last year was the short time between the various scheduled events and notification to the membership.

The meeting covered the club calendar for the entire year and adequate time will be allowed to work all anticipated sailing and social events into your calendar.

I'm happy to report that under the guidance of Paul Brent and his Reconstruction Committee, work is progressing on schedule on the decks and pilings. We are in the process of obtaining final estimates for the electrical upgrading and the membership will be kept informed on that score along with other facets of the reconstruction work.

One of our first events after the New Year's Eve party will be the Land Cruise to Tahoe the weekend of

REAR COMMODORE'S TIDINGS

The Junior Sailing Program could not be organized last year due to lack of interest and proper equipment. For this reason, we will get a questionnaire out to the membership polling your views and obtaining any comments you may have before proceeding with this year's program.

The year's yachting program has been organized by the able hands of our race committee and will be published shortly. Steve Newland and his committee have such a good reputation for properly executing races that Corinthian is in such demand to host these events that the entire calendar is practically full.

I'm sure the boating activities of Corinthian will follow the good examples of the past and we will have another successful year.

Joe Koopman
Rear Commodore

B.O.A.T.

The \$4.00 charge on your January statement is for B.O.A.T. and is voluntary. You may deduct if you do not wish to contribute.

COMMODORE'S REPORT

Continued

February 3rd, 4th and 5th. Don't forget to send in your check, payable to the club, to make sure of a room and a place on the 'well-stocked' bus. Call the club for further details.

Jack R. Cooper
Commodore

HARBOR COMPANY NEWS

George Haggett has been appointed Director for the Corinthian Harbor Company and also is in charge of the repair work on the docks. According to the rules and regulations of the Harbor Company, no person is to add or repair Harbor Company docks without permission from the Harbor Company. This does not apply to lines or tires. Any person needing repair work, please contact George Haggett, P. O. Box 571, Tiburon.

COOKS & WAITERS

The Annual Dinner has been a tradition of Corinthian Yacht Club since the day the club was formed. One reason the dinner was established is to acquaint prospective and new members to the club. The dinner is scheduled for Sunday, January 22. All members will receive an invitation. You should plan to attend and bring any person you wish — especially someone you would like to see become a member.

George Haggett
Chief Steward

NOTICE

Berth E-2 is available for rent immediately on a temporary basis of \$3.00 per day. If interested, contact George Haggett.

Berth A-1 available for rent at \$150 per month. For further details, contact Port Captain, Dave Fenix.

Your January statement will include your 1978 membership card and parking sticker. Be watching for them.
