COMMODORE'S REPORT

This report concludes my second term of office as Commodore (with a two-year "break" in between), and I take this opportunity to thank all of you — members, flag, directors, and staff — for your support.

I have always subscribed to the belief one should leave something in better condition than one found it (... with a few notable exceptions...), and I do hope I have succeeded in that respect. Our Club is solvent; our various funds are current with good reserves; our membership has increased dramatically; our premises and property are generally in good condition (our shore boat is now fully paid for); our food and bar operations appear to be well patronized and well received; and our general office and management operations are running very well with particular thanks to our new Club Manager, Dottie Isaacson. It would be presumptuous of me to suggest I deserve credit for all of this — but look at it this way: I could be reporting a series of disasters and financial ruin, in which case I would of course deny any responsibility at all!

Continuity of top management philosophy is essential for the successful future of our Club, and I am confident that the flag and directors you have selected will

PORT CAPTAIN'S REPORT

Jim Costa, owner of Mistrel, that beautiful schooner at the end of "A" line, has given us an ice chest to replace the badly battered one in our shore boat. He also was kind enough to donate some carpeting which is needed for the Club Office that will be installed shortly. Thank you Jim. We appreciate your thoughtfulness.

Thanks to Bob Lowry, our Coast Guard Day was pleasant and a great success along with an Admiral who played a "way down" trombone and who displayed a great sense of humor. Thanks to all of you for your patience if we caused any inconvenience in reserving parking places for V.I.P.s and the Press.

Tib Lizza has brought his Columbia 43 "Schuss & Wedel" back to Corinthian. It's good to see her here Tib. Welcome home.

Due to a broken rib (please don't ask how I got it) I was "beached" for

CORINTHIAN RACE SHEET

Through the good graces, and excellent seamanship of Darrel Snell, the half-model trophy of the Islander 36 will again grace the walls of Corinthian Yacht Club. During the recent two day Islander regatta hosted by CYC and sailed on the Knox course, Darrel, his peerless crew, and his boat Absolute, swapped tacks with close and fierce competitors. However, as has been the case this year with those trying to vie with Corinthians, Darrel won the day, the series, and the championship.

Elsewhere in the world of racing, recent standings in the 1980 YRA Santana 22 series place Charlie Brochard in third position, followed by Ron Kell and Keith Buck holding fourth and fifth position. In the Santana 22 1980 SYRA series, things aren't quite so rosy. Charlie Brochard is in fifth place, Ron Kell in eighth, Keith Buck in 14th position and Harry Allen in 16th. Although the numbers seem relatively poor, these placements are in a fleet qualifying 23 boats. With these results in such a large fleet, we can only say congratulations for representing CYC in such excellent fashion.

Results from other fleets have not as yet arrived, but they shall appear in print as they are received.

provide that for some years ahead.

I will not bore you with any further speeches and statistics and reports, and will conclude by saying: I think we are in good shape; our Club is stronger than it ever has been in terms of patronage and participation; and there is still much to be done to continue improving things, some of which I hope I can still be associated with.

Thank you... and may I now please go and play with my boat?

the first C.Y.C. Mid Winter and watched my very able crew, Pete Birnbaum, Dick Slottow and John Colver bring Dame Right to a very impressive 2nd place finish behind a boat that seemed to have started the race at the first weather mark. Thank you gentlemen. When last discussed, they have not yet decided to let me back aboard. If I can't be Captain they can't play with my boat.

The Slottow's had a delightful cocktail party at their lovely home for the members who donated their time and/or boats to Race Committee work for Corinthian. Thank you Dick and Jean for a fine time and a great idea.

At approximately 1100 hours on Monday, October 27th Stanley and Barbara Roeder set for sea for their long planned trip. Smooth sailing and snug harbors Waxwing.

CORINTHIAN RACE SHEET

Bruce Seymour and Bill Patry, owner of the new Santana 35 one design sloop, Blue Max, have just won the S.F. Bay Yacht Racing Association Championship.

The sleek 35' Racing Sailboat, crewed by family members compiled an outstanding record of 11 firsts, 5 seconds, 3 thirds and 1 fourth in 20 races entered on the Bay this summer, including a win of the prestigious CYC Invitational series early in the season.

If any members have left coats, sweaters, or other gear in our closet, please claim as soon as possible before we box everything up to drop off at the Goodwill.

Thank you.
